

NPCI/2019-20/NACH/Circular No. 009

July 10, 2019

To,

All NACH member banks

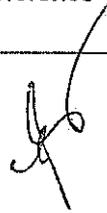

API services - Updated specification

Refer to our circular no. 260 dated November 23, 2017 on "Introduction of new API services" & Circular no. 027 dated October 04, 2018 on "API service – Aadhaar number linkage to account number – changes in data and validation process" as a statutory compliance a few changes were done to technical specifications. Additionally, an API service to seed/ deseed an Aadhaar is made available.

In initial phase the APIs will be made available only for Government departments for DBT purpose however account validation related APIs will be made available to the eco system after finalizing the commercials in consultation with the steering committee of NACH.

The updated technical specification is provided in Annexure I and details of the API services provided below:
